

# -----Bible In a Year-----

We often make plans but do not stick to them. Reading the whole Bible can seem overwhelming or too much. The purpose of this is to break up the Bible into manageable daily time so that you can get through the Bible in a year. The Bible has been broken up into manageable reading sections for each day. It should take around 15-20 minutes of reading each day and after a whole year you will have gone through the whole Bible. To assist you in keeping track where you are there is a box that you can check after completing your daily study.

This study doesn't go from Genesis to Revelation but instead Chronological. The study goes through the Bible historically of when events happened.

In addition, the Memory verse each week will coincide with our weekly Memory verse which you will also find in the Crossroads Connection.
